# LABOR AGENCIES ARE UNDER FIRE

Captain Kline Show How They Exact Tell from All Whom They Find Places For.

#### CHIEF DUNN GIVES HIS VIEWS

New light on the operation of swindling labor employing agencies and unscrupulous "straw homes," is given the police by Captain Harry Kline of the Salvation Army Industrial home.

Captain Kline alleges that during the recent cold wave he had 200 men ledging at the home who were eager for work and that certain persons employing men on the ice fields refused to employ the men. Jobless men who applied for work at the office of an employment agency and paid a filing fee and gave an assignment on their first week's wages were given work.

Captain Kline declares that others engaged in charitable work will bear out his statement. He further says that the ice fields are not the only places where the labor agencies are favored. He deplares that the railroads and big corporations also turned down his men.

Chief of Police Dunn said yesterday that he has had detectives working on the matter for weeks and expects to have sensational disclosures within a few days. "After the labor sharks extract their ffling foe and wage assignments, the vicloses his expensively purchased job on the ground of 'incompetence.

#### THIRTY PATIENTS ARE LISTED

The white plague is being assailed in a ystematic manner in Omaha by students and faculty of Creighton Medical college, and those in close touch with the work pronounce the results very encouraging. Already a list of over thirty tubercular patients, ranging from the infant to the aged, have entered the lists for free treatment. A special clinic at 10:30 each Saturday morning at the medical college. Pourteenth and Davenport streets, is set saide for the treatment of these conditions alone, and a well known local phystelan is in charge.

The treatment is entirely free, even to the medicines administered and prescribed.

The movement was begun during the summer months, when the number of tubercular cases proved too large for the regular every day clinics. All cases presenting the symptoms of tuberculous appearing at the regular clinics will be examined and referred to the Saturday morning clinic, where they will be examined for lung conditions and treated if diseased. Already thirty new cases have been enrolled and are taking the treatment, and some of the cases have shown marked improvement in general health, the local condition, and a gain in weight. Confuont Great Difficulties.

Several great difficulties confront the workers in these cases, however. Those who are being treated are in poor circumstances and are unable to obtain the proper sanitary surroundings. According te Dr. H. F. Gerald, who is in active "Today's Complete Movie Program" charge of the general clinical work at classified section today, and appears in Creighton, there is a pronounced need for efforts aiming at the social betterment of these cases. Any contribution for social work among these people will be accepted by the medical college and those in charge will guarantee that it will be properly expended.

A compilation of statistics for the last year show that the Cre'ghton clinics at the school have administered nearly 10 .-000 treatments. At the regular clinics 9.100 treatments were given to a total of 2,901 "ew cases, 200 house calls were made by the students, and thirty new tubercular cases were given treatments, averaging 408 for the year. The regular school clinics administer treatments for every known division of allments.

Records for Year. The record, which Dr. Gerald has compiled, is conservative for the year, and is as follows: 

New cases, total.....3,131 Treatments: Total treatments for year ......

#### Ladies! Darken Your Gray Hair

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring saded, gray hair to its natural color dates back to grandmather's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wanderful effect.

But brewing at home is mussy and out of date. Nowadays by asking at any drug store for a 50-cent bottle of "Wyeth's Bage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair. and fulling hair.

### Rye Hits New Mark on Omaha Market

While wheat was off 1 to 4 cents on the Omaha market, ft was just as well. as there was little for sale. The receipts were only sixteen cars and the most of this was consigned direct, having been

bought during the last week. The market was strong on durum, but none of this was sold, though \$1.50 per bushel was bid. On the No. 3 hard winter better than \$1.37 was offered, but the owner insisted upon more money and it

was held over until Monday. Rye established another high mark, one car being sold at \$1.16 per bushel, this price being 2 cents above Friday and about 5 cents above any previous price. Corn was strong and up nearly 2 cents, the top sales being made at 71 cents per bushel

Receipts for the day were; Wheat, 16; corn, 200, and oats, 17 cars.
